Vehicle

(Driver)

I (we) understand that materials brought to Construction Recycling Solutions are for recycling purposes. *No hazardous waste* can be accepted at our facility, and if dumped will be subjected to fines and suspension of drop off privileges. **We do accept the following recyclable construction waste: cardboard, drywall, wood, metal, plastic, vinyl siding, and asphalt shingles (tear-offs and cut-offs.)** Painted drywall and wood are considered non biodegradable, we consider these non recyclable.

Your driver will be given a receipt for the weight and contents of their load.

You will be billed by receipt number; our terms are net 10 days.

I understand and agree that my authorized agents, drivers and vehicles will abide by the guidelines above.
